OBJECTIVE

To contribute through my education and interest in the field of Software Development to an organization that can use a self-disciplined professional with a strong desire to make contributions through my talents, drive, and dedication to excellence.

EDUCATION

Umeå University and miscellaneous universities

Sweden

Computer Science, 2013

Extensive coursework in Object Oriented Programming in Java, Design Patterns, C#, LINQ, ADO.NET, ENTITY, C++ and PHP. Other courses in Data Communications ASP.NET, Databases, HTML, CSS, XML, script based PHP, JavaScript, jQuery and AJAX with HTML5 and PHP, Programing in C, System-programing, Data structures and Algorithms, amongst other.

Bernard M. Baruch College (City University of New York)

New York, NY, USA

Bachelor of Business Administration in Public Accountancy, December 1998

West Virginia University

Morgantown, WV USA

Courses in political science, comparative history and communications

EMPLOYMENT

Neoclash Systems, Self Employed, Software & Web development <i>Skåne, Sweden</i>	2013
Gabriel Nieva, Self Employed. System Administration, <i>Hörnefors, Sweden</i>	2009
Tecnologías Informáticas Globales S.L., Founder and CEO. <i>Madrid, Spain</i>	2001
Datakometen AB, Sales, Book Keeping and Computer Assembly. <i>Umeå, Sweden</i>	2000
Spitz, Friedman, Jelinsky & Gottfried CPA, PC., Staff Accountant. <i>New York City, USA</i>	1999

TECHNICAL SKILLS

Programming and web:	JavaSE, C#, ASP.NET, PHP, C, C++, XML, LINQ, XHTML, HTML, HTML(5), CSS, MVC, LESS
Programing design:	Object Oriented Design with UML. DIA graph, Umbrello and diverse Modelling programs.
Database / DBMS:	SQL, MySQL, SqlLite, Access, WorkBench. MySql Console, Microsoft SQL Studio
IDE & tools:	MS Visual Studio 2010 / 2013, Eclipse, Spring, Netbeans, VIM, Valgrind, CGG, GDB, MakeFile
Operating Systems:	UNIX Solaris, Linux Debian, Windows 7, Windows vista, Windows 2003 Server
Misc and LAMP:	Apache, Bind, Postfix, iptables, Webmin, RFC.

PROGRAMMING EXPERIENCE (see attachment for other experience)

Programming and Web development

- Design and Development of multithreaded and database driven JavaSE applications and C# Desktop applications.
- Design and Development of E-Commerce oriented and SQL database driven web applications in ASP.NET.
- Creation of E-Commerce web applications in PHP and utilization of PHP MVC frameworks. Familiarity with Code Ignite and Zen.
- Building secure webs utilizing different encryption algorithms.

Web Design

- Utilization of Grid Based Design, Responsive Design, Typography and familiar with Progressive Enhancement.
- Utilized wire framing mockup tools in the design and requirements gathering process of web interfaces.
- Deployment of CSS Bootstrap, HTML5, Boilerplate, Htmlpurifier, lessphp and 960-gridSystem to enhance web applications

Database

- Database design utilizing EER and Schemas and implementation utilizing MySQL, SQLite, ADO.NET, Entity Framework.
- Designed and implemented SQL-Databases with the use of MS SQL Studio, Manager and ER Modeling tools.

ADDITIONAL

Languages: Bilingual, Spanish - English, Fluency in Swedish.

Driver's License: A1, A, B (Cars, and Large Motorcycles).

Additional skills: Navigation Title.

Interests: Computer Games, Business, Ocean Navigation, History, Anthropology, Fishing, Cooking, Drawing.
